

## CSE210a HW4: while\_small\_step Tests Screenshot

The screenshot shows a terminal window titled "Terminal" with a menu bar (File, Edit, View, Search, Terminal, Help) and a status bar (Sat 13:13, natasha@natasha-VirtualBox: ~/Downloads/hw4). The terminal output displays the results of running a test script. It lists 51 tests, all of which passed, and shows the command used to run the tests.
